[Health Access St. James Town](#) was able to cater to the needs of 18 clients who needed mental, physical and social support on an immediate basis and the team made 3 home visits for clients who are unable to come out of their homes.

Outreach

In the month of January 20 outreach activities were carried out including visits to six access points.

384 residents were engaged during the outreach. Outreach has been carried out by a team involving residents volunteers and placement students.

Community Engagement

A four week **Repair Workshop** is being held at the 240 Share and Reuse Space in partnership with **Repair Café Toronto**. The workshop aims to train and equip fixers with special focus on electronics and electricity. The program has great reception among the residents.

Partnerships

On Friday the 31st January, eight of the agencies which work as part of St. James Town's Service Provider Network met for an in-house meeting. The purpose of this meeting was to gain an understanding on what these agencies do, how they intake clients, and if they have any criteria. Twenty participants including two volunteers and two placement students gathered to learn more about the roles of the partner organisations. The agencies included: Hospice Toronto, The Neighbourhood Organisation, The Leacock Foundation, The Evergreen Centre, Sherbourne Health, SickKids and Seniors Mental Health Program (partnership between Hospice Toronto).
