Testimonials

“It’s like **magic!** I saved at least \$200 on my stroller. This is a great initiative in the community”
– Seraj (Resident)

“In watching two men dissect a **radio**, I saw the silent bonds forming of equal trust and respect.”
– Georgie (International Placement Student)

I had 2 laptops and an old desktop that haven’t been used in a long time. I managed to get all of them **fixed**. For free.”
